

# CLUB LIFE AUTUMN EDITION 2025

# Clay Court Resurfacing

As I am sure many of you are aware, our clay courts (7, 8 & 9) have recently undergone a full resurfacing to keep them in top playing condition. The process began with carefully lifting the existing carpet surface before removing the old clay material beneath. Once the base was prepared, brand-new carpet was laid down, providing a fresh and even foundation. Finally, a new layer of high-quality clay was spread and levelled across each court, ensuring a consistent playing surface and excellent bounce. The newly resurfaced courts are now ready for play and should offer a smoother, more responsive experience for all players.

## **Indoor Courts Looking Better Than Ever!**

We're pleased to share that our indoor courts have recently had a full deep clean, and they're looking fantastic! The cleaning has brightened up the surfaces, making them look more vibrant and feel tackier underfoot. By removing built-up dust and debris, the courts now offer improved grip and a fresher, more consistent playing experience for everyone. We can't wait for you to enjoy the difference next time you're on court!

Carter & George

Physiotherapy | Rehabilitation | Wellbeing

Please see below an introduction from Carter & George physiotherapists' newest recruit - Francesca!

Hi, I'm Francesca, the newest physio here at Carter & George Windsor! I'm really excited to be joining the Windsor team after working at our Harpenden clinic. I actually live locally, so it's lovely to now be based a little closer to home.

I studied Physiotherapy at Cardiff University, where I completed seven clinical placements across a range of settings. I was also lucky enough to spend a month in Sri Lanka on placement – an incredible experience that gave me a new perspective on physiotherapy and patient care.

I'm especially passionate about musculoskeletal physio and love helping people get back to doing the things they enjoy. Whether it's tennis elbow or any other aches, pains, or injuries, I'm here to help you move better and feel your best.

I'm really looking forward to meeting everyone – please do come and say hello if you see me around the clinic!
